The Michigan Crisis Response Association (MCRA) Annual Conference offers high quality training in critical incident stress management and related topics. The conference is especially valuable for: first responders and their families, mental health professionals, clergy, chaplains, educators, and medical practitioners and administrators.

CLASSES BEGINNING 9/13/2026

Assisting Individuals in Crisis & Group Crisis Intervention (GRIN)

3 Day Course: 9/13-15/2026

- **Anne Daws-Lazar, ICISF Approved Instructor, MCRA Board Member**

Many consider this foundational course to be essential in understanding and responding to stress and trauma

Course Description: **This 3-day course combines ALL of the content of ICISF's Assisting Individuals in Crisis AND Group Crisis Intervention courses.**

Crisis Intervention is NOT psychotherapy; rather, it is a specialized acute emergency mental health intervention which requires specialized training. As physical first aid is to surgery, crisis intervention is to psychotherapy. Thus, crisis intervention is sometimes called "emotional first aid." Designed to present the core elements of a comprehensive, systematic and multi-component crisis intervention curriculum, this course will prepare participants to understand a wide range of crisis intervention services for both the individual and for groups. Fundamentals of Critical Incident Stress Management (CISM) will be outlined and participants will leave with the knowledge and tools to provide several group crisis interventions, specifically demobilizations, defusings and the Critical Incident Stress Debriefing (CISD). The need for appropriate follow-up services and referrals, when necessary, will also be discussed.

The Simulated Debriefing scheduled for Monday night is a mandatory component of this course. Your attendance is vital to demonstrate understanding and engagement with the course materials.

This course is designed for anyone in the fields of Business & Industry Crisis Intervention, Disaster Response, Education, Emergency Services, Employee Assistance, Healthcare, Homeland Security, Mental Health, Military, Spiritual Care, and Traumatic Stress. Qualifies for 27 Contact Hours.

Learning Objectives:

- **Psychological crisis and psychological crisis intervention**
- **Resistance, resiliency, recovery continuum**
- **Critical incident stress management**
- **Evidence-based practice**
- **Basic crisis communication techniques**
- **Common psychological and behavioral crisis reactions**
- **Putative and empirically derived mechanisms**
- **SAFER-Revised model**
- **Suicide intervention**
- **Relevant research findings and ethical considerations**
- **Large group crisis interventions**
- **Small group crisis interventions**
- **Adverse outcome associated with crisis intervention**
- **Critical Incident Stress Debriefing (CISD)**

Class Held ONLY on 9/13/2026

Understanding the First Responder's Cultures: For Mental Health Staff

One Day Class: 9/13/2026

- **Dennis Potter, Approved ICISF Instructor, MCRA Board Member**

Course Description:

All Mental Health professionals know that we need to understand the cultural setting of our clients to provide the most effective interventions. This is also true for working with First Responder's. For the purposes of this training, First Responder's are identified as those individuals who work as: Dispatchers, Law Enforcement Officers, Correctional Officers, Firefighters, and Emergency Medical personnel.

There are some issues/stressors that cut across all of these professions, but also some that are more unique to the specific group. This course identifies the cultures of each profession and their unique stressors. The various CISM courses teach a variety of group approaches to crisis intervention, but what about the follow-up if an individual comes to us for assistance not related to a Critical Incident? First Responder's can have a variety of life issues including marital problems, family issues, depression, substance abuse struggles, PTSD, etc. We need to understand the unique stress of their professions and how those might impact their non-professional lives in order to offer the most effective help.

This class will provide information about first responders' cultures and opportunities for discussion regarding adapting our clinical approach to meet the needs of first responders. Qualifies for 7 Contact Hours.

Learning Objectives:

- **First Responder cultures**
- **Unique stressors in the First Responder world**
- **The "functional dysfunctionalities" that work for First Responder's on the job**
- **The "resistance, resilience, recovery" continuum**
- **Intervention skills and resources that are relevant to First Responder's**

Class Held ONLY on 9/13/2026

Suicide Awareness:
An Introduction for Crisis Responders

One Day Class: 9/13/2026

- **Susan Elben, Approved ICISF Instructor**

Course Description:

The ability to recognize and effectively intervene with suicidal individuals is one of the most challenging aspects of crisis intervention. This course is recommended for those without formal mental health training. The course is designed to increase awareness of suicide and equip participants with information and basic skills to respond to a person considering suicide. Discussions, demonstrations, and scenarios will be used to facilitate learning. This is an introductory level course. Qualifies for 7 Contact Hours.

Learning Objectives:

- **Overview of suicide**
- **Crisis intervention and suicide prevention**
- **Preventative and Protective Factors**
- **Risk and Recognition**
- **Strategies for Responding to those considering suicide**
- **Referral Skills and Resources**

Class Held ONLY on 9/13/2026

The Secrets of Psychological Body Armor ™ – Holistic Wellness for Emergency Services and Healthcare Professions

One-Day Class: 9/13/2026

- **David Edwards, Approved ICISF Instructor, MCRA Board Member**

Course Description:

This course is designed to aid you in building a personal culture of resilience and holistic health. Our unique approach is intended to help you learn to better manage the stress in your life in order to increase your potential for happiness, success, and even create a competitive advantage through the creation of what we call Psychological Body Armor ™. There is no "quick fix" in this program. It is not designed to be a "pop psych" feel-good course. Rather, this course contains facts and specific suggestions for actions you can take to enhance your personal resilience, all based upon the latest and most credible science. Qualifies for 7 Contact Hours.

Learning Objectives:

- **Describe the nature of Psychological Body Armor ™ (PBA)**
- **Recognize resilient attitudes**
- **Use physical exercise to strengthen PBA**
- **Use nutrition to fuel PBA**
- **Use rest to recharge and restore PBA**
- **Use interpersonal support**
- **Understand how spirituality relates to PBA**
- **Develop a PBA plan**

Sessions Held ONLY on 9/13/2026

2 THE RESCUE
LIFE SAVING TRAINING

Presents:

CAREER SURVIVAL (9am – 12pm)

- **Mike Wierenga, 2 The Rescue, LLC; MCRA Board Member**

Rationale For Presentation:

There is a need to better prepare emergency responders and their loved ones in dealing with the natural biological process that occurs from adrenaline dumps and the resulting consequences of the cumulative exposures to trauma, stress, tragedy and grief. Emergency responders along with their loved ones and support systems will learn realistic and positive ways to manage the unique challenges and pitfalls that occur while on the job while also understanding the differences between depression, post-traumatic stress, PTSD and normal recovery time behaviors.

Cognitive Objectives:

- **Discuss and understand the daily environmental stressors and its effects;**
- **Discuss and understand the physiological and psychological changes that take place in a responder's day and over a career;**
- **Discuss and gain knowledge of the natural biological process of the adrenaline rush and dump and why it is imperative that responders manage it;**
- **Discuss and understand what hyper-vigilance is and why it is essential for survival;**
- **Discuss and recognize the warning signs of individual and relationship destruction, depression, post-traumatic stress, PTSD and suicide;**
- **Discuss the attributes of survivor and a victim and how it affects your decision-making, safety and ethics; and**
- **Discuss and learn the keys to emotional, physical and relationship wellness.**

PEER SUPPORT: Roundtable Best Practices and Resiliency (1-4pm)

Whether you are just launching a peer support team, or you've been operating for a while, this round table presentation will assist you with the development of ongoing educational programs for your peers, their loved ones all while maintaining team resiliency.

Class Held ONLY on 9/13/2025

Coordinator's Round Table

Time: 8:00 am – 12:00 pm

This seminar is an opportunity to meet with leaders of other teams in Michigan to explore issues that you face as a coordinator and talk with others about how you can manage them. We will generate ideas about successes, and areas for improvement as we try to provide the best possible CISM responses.

At the end of the seminar, we expect to have some expanded knowledge of issues and concerns that have come up during a team's existence, or if you are starting a team, some suggestions from others who have had a similar experience.

Facilitators: Tim Turnwald & Larry Hayden, MCRA Board Members

CISM Refresher Course

Time: 1:00 pm – 5:00 pm

For many people there's a need to "brush up" on or review CISM components and procedures because as we all know, "if you don't use it, you'll lose it." MCRA suggests that a best practice is for CISM team members should be to get "refreshed" at least every five years to keep the concepts and ideas fresh in your mind. This course will include a quick review of both the Group and Individual Crisis Response models including CMBs, Defusings, and CISDs. The afternoon portion of the class will offer mock events to "practice" doing CISM events. ICISF's "Group Crisis Intervention and/or Assisting Individuals in Crisis" should be viewed as a prerequisite.

Instructor: Jay Martin, ICISF Approved Instructor, MCRA Board Member

CLASS BEGINS 9/14/2026

Advanced Assisting Individuals in Crisis

Two Day Class: 9/14-15/2026

- **Dennis Potter, ICISF Approved Instructor, Emeritus MCRA Board Member**

Course Description:

Most psychological crisis intervention is done one person to one person, rather than in groups. These interactions may be face-to-face (in person or electronically), telephonic, via email, or even via text messaging. The SAFER-R model of individual psychological crisis intervention was developed to serve as a simple protocol or procedural guide to aid in conducting such individual psychological crisis interventions.

This two-day course builds upon, and is the logical continuation of, the basic ASSISTING INDIVIDUALS IN CRISIS course. Using the SAFER-R framework as a platform, participants are introduced to scenario-based variations of the model. Topics such as advanced psychological triage, grief, suicide intervention, challenges in follow up and referral, and self-care are addressed. In addition, participants are asked to evaluate pre-recorded video examples of crisis intervention using the SAFER-R model. Qualifies for 13 Contact Hours.

***Prerequisite: Assisting Individuals in Crisis OR Assisting Individuals in Crisis & Group Crisis Intervention**

Course Objectives:

- **Natures & definitions of a psychological crisis and psychological crisis intervention**
- **Nature and definition of critical incident stress management and its role as a continuum of care**
- **Empathic communication techniques**
- **Practice of psychological triage**
- **SAFER-Revised model of individual psychological crisis intervention in s suicide scenario**
- **SAFER-Revised model of individual psychological crisis intervention in a "follow-up" or referral scenario**
- **Risks of iatrogenic "harm" associated with psychological crisis intervention and will further discuss how to reduce those risks**
- **Principles of self-care**

CLASS BEGINS 9/14/2026

Advanced Group Crisis Intervention

Two Day Class: 9/14-15/2026

- **Susan Elben, Approved ICISF Instructor, MCRA Board Member**

Course Description:

Designed to provide participants with the latest information on critical incident stress management techniques and post-trauma syndromes, the Advanced Group Crisis Intervention builds on the knowledge base which was obtained through the Group Crisis Intervention course and/or in publications. At the conclusion of this course, participants will have been exposed to specific, proven strategies to intervene with those suffering the ill effects of their exposure to trauma. Emphasis will be on advanced defusings and debriefings in complex situations.

This course is designed for EAP, human resources and public safety personnel, mental health professionals, chaplains, emergency medical services providers, firefighters, physicians, police officers, nurses, dispatchers, airline personnel and disaster workers who are already trained in the critical incident stress debriefing format. It will also be useful for those working extensively with traumatized victims for various walks of life. This course requires previous training and experience. Qualifies for 14 Contact Hours.

***Prerequisite: Group Crisis Intervention OR Assisting Individuals in Crisis & Group Crisis Intervention**

Learning Objectives:

- **Relevant research findings**
- **Managing complex group-oriented crisis interventions**
- **Nature and importance of incident assessment**
- **Strategic intervention planning**
- **Comprehensive, integrated, systematic and multi-component CISM**
- **Concepts of enhanced group processes**
- **Significantly delayed interventions**
- **"Multiple incident CISD"**
- **Suicide of a colleague**
- **Small group crisis support sessions after a disaster**

CLASS BEGINS 9/14/2026

Crisis Informed Peer Para-Counseling:
Intervention Enhancement to the CISM Continuum

Two Day Class: 9/14-15/2026

- **Jay Martin, ICISF Approved Instructor, MCRA Board Member**

Course Description:

Today we see an unprecedented mix of unique stressors & disasters with limited psychological resources. The Critical Incident Stress Management continuum offers high risk populations seeking a strategic crisis response; one that holistically builds the resilience of those in need.

Crisis Informed Peer Para-Counseling (CIPPC) expands the support tools of peer counselors to collectively cope with trauma and disasters. CIPPC will become the 1:1 follow up service to them CISD. The unprecedented mix of unique stressors & disasters with limited psychological resources means at risk populations are seeking a strategic crisis response; one that holistically builds the resilience of those in need and expands the support tools of peer counselors to collectively cope with trauma. Qualifies for 14 Contact Hours.

Prerequisites: Assisting Individuals in Crisis (2 day course) and Group Crisis Intervention (2 day course) OR Assisting Individuals in Crisis & Group Crisis Intervention (3 day course)

Learning Objectives:

- **Define the CIPPC model**
- **Define terms in the field of peer support & crisis intervention**
